## TERELL IS FIRED

Philip Bervolzheimer Appointed Manhattan Commissioner After Lease Row.

Mayor Hylan to-day removed Park ommissioner William F. Grell of Manhattan and Richmond, by appointing in his stead Philip Berolzbeimer, No. 125 West 79th Street.

The removal of Mr. Grell grew out of charges that he had re-leased the Central Park Casino to an old friend without first advertising for public bids. The old lease was for \$3,000 a year. Under the terms of the new lease the rental is \$5,000 a year.

To-day's action follows a letter the Mayor wrote Mr. Grell several weeks ago, demanding his resignation if the report was true that the Casino lease had been made without having been submitted to the Mayor for his approval.

Commissioner Grell replied with a statement in which he declared that if the Mayor read a report he had made concerning the lease, he was quite certain Mr. Hylan would withdraw his letter.

Mayor Hylan delayed action until the election was past and then ex-ercised his charter power and removed Mr. Grell without preferring charges or giving any reason.

Prior to his appointment as Comsioner of Parks for the Boroughs Manhattan and Richmond Mr. Grell's successor was Special Deputy Commissioner of Parks in charge of music in the parks in all the boroughs of the City of New York. He is Treasurer of the Eagle Pencil Company, and Chairman of the Board of Directors of the Public National
